Post 8/19/13 U.S. May Drop Bremer Charges

Bremer Charges

BALTIMORE, Aug. 18
(UPI)—A U.S. prosecutor said Saturday there is a "good chance" the federal government will drop its charges against Arthur H. Bremere in the May, 1972, shooting of Alabama Gov. George C Walface.

George Beall U.S. stormey for Maryland, said the decision to prosecute hinges on whether Bremer's state conviction and 38 year sentence is upheld through the appeals process.

He said legal rosse and the probability ag a concurrent sentence if Bremer's convicted would weigh against the decision.

Federal guages arcurde shooting—a guarges arcurde sentence and would shooting—a prosecution.
